

I'm A Superstar

Shall I let you into a secret?
I think I'm a super star.
Dad agrees that I am talented,
But says I always go too far.

I know that one day I'll be famous
I was born to be that way,
Mum agrees that I am special
But says I like things my own way.

I'm going to be a celebrity -
I'll see my name in lights.
But my brother says that I can't act
And should be kept well out of sight.

I'm always at the top of my class,
In fact I am the best.
My teacher agrees that I am clever
But says I need to chatter less.

I tell the other kids I'm amazing
But they always walk on by.
No one seems to like me much -
And I have no idea why!
