

## School

I look at the time  
Still 5 hours to go  
So boring it's a crime.  
Ring ring goes the bell,  
The day's over  
I fell asleep -  
Oh no what happened?

## Detention

Silent classroom getting monitored,  
Not allowed to say a single word,  
You just get accused every single minute -  
Tick tock goes the clock  
People falling asleep all around me  
It must be the sleepy sandwiches  
Turkey with cheese and some sleepiness potion.

## One Word

One word to a silent person  
One note is getting read out  
One person that I lost.  
Over and over I cry,  
Inside I don't feel like myself
